Heidelberg Neural Therapy Conference

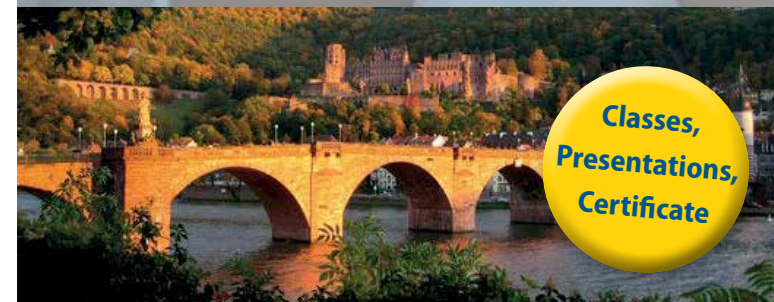

UniversitätsKlinikum Heidelberg

Save-the-Date: 4th Heidelberg Neural Therapy Conference 21. – 23. June 2018

Therapy with Local Anesthetics Neural Therapy & Silent Inflammation

Marsilius-Kolleg at Heidelberg University
Im Neuenheimer Feld 130, D-69120 Heidelberg
www.hunter-heidelberg.com

Welcome

Neural therapy can be used to treat many acute and chronic diseases.

We invite you to join us again in Heidelberg from June 21-23rd 2018, for the 4th annual Heidelberg Neural Therapy Conference.

The academic standard of our meeting, the exchange between speakers, physicians and students and the lovely Heidelberg summer, have all been appreciated by our participants since 2014.

From research directly to the doctor's office – international experts from the basic sciences, hospitals and practices will present their most recent findings regarding this multimodal therapy, so you can immediately apply what you have learned in your office or clinic.

The „Neural Therapy Certificate“ from University Heidelberg, in conjunction with DGfAN e.V., can be acquired at the conference.

Last but not least, enjoy the easy summer evenings in the world famous city of Heidelberg with your international colleagues, as part of our traditional social program.

We're looking forward to seeing you in Heidelberg next June!

Until then,

Dr. Stefan Weinschenk Prof. Dr. Hubert Bardenheuer
